A policy is a set of objectives that addresses specific sustainability issues. It shows a company's intention to reduce impact, mitigate risk or improve performance.

Strengths

Environmental policy on energy consumption and GHGs
Environmental policy on product use
Environmental policy on air pollution
Environmental policy on water
Environmental policy on customer health and safety
Environmental policy on product end-of-life
Environmental policy on materials, chemicals, and waste
Quantitative targets set on energy consumption and GHGs
Quantitative targets set on water
Formal mechanisms to review and amend environmental policy
Environmental policy scope of application specified
Comprehensive policy on a majority of environmental issues

Improvement areas

Low priority No supporting evidence of dedicated responsibility for environmental policy
